

CONTRACT FOR FRESH SEMEN LF30DG

For orders call or text (916) 203-2247 or E-mail Edgar@Eurequine.com

Name _____ Street _____ City _____

State/Zip _____ Phone# _____ Email _____

enters into this agreement with Eurequine, LLC. also referred to as “Stallion Manager”. Above named is referred to as “Mare Owner” in this agreement. “Mare Owner” is the owner or lessee of the mare to be bred, named below.

This service agreement is for _____ to breed the mare named _____
Stallion (Registered Name - **Not** barn/show name)

Mare Owner agrees to pay for this 20__season stallion service. The breeding fee is \$ _____

\$ _____ was paid in full / Balance of \$ _____ due prior to breeding by the Mare Owner.

I understand that my mare must be examined by a licensed veterinarian with an ultrasound machine at about 18 and about 50 days after the last breeding day. Stallion Manager will need to be notified of her pregnancy status at that time by phone or email so a breeding certificate can be issued after the breeding season, before foaling.

The stallion manager assumes responsibility to have available for pick-up or deliver live semen in viable condition at the time of delivery to the approved shipping address. This semen must be administered by a licensed veterinarian or by a breeding technician approved by Stallion Manager only to the mare named in this agreement. This agreement is to produce one (1) foal from the above-mentioned mare regardless of the breeding methods used. ET and ICSI is permitted. If semen shipments are used for a mare other than named in this agreement or multiple embryos are produced, the standard posted breeding fee and completed contract shall be due and submitted to Eurequine, LLC. immediately.

In the event of stallion’s death or the inability to produce and ship viable semen from the stallion contracted for this service, Stallion Manager shall substitute this fresh semen agreement for either frozen semen from the same stallion, if available, or the mare owner may choose fresh semen from another Stallion owned by the Stallion Manager.

Stallion Manager guarantees breeding privileges for the contracted mare during one breeding season and guarantees no return breeding privileges unless the LF30DG in the next paragraph applies. A mare may be substituted with permission of the Stallion Manager and a statement from a licensed veterinarian confirming the original mare on contract is barren. A transfer fee is due to substitute a mare. This contract’s ownership is not transferable.

LF30DG - Should the mare not produce a live foal that stands, sucks and survives the first 30 days after birth, mare owner shall be entitled to above-mentioned return privileges. This guarantee shall only apply if the stallion manager is notified within one week of the foal’s death. A statement of details by a licensed veterinarian must follow within 10 days or the guarantee becomes null and void. This clause is also binding in case of abortion. If the mare lost her pregnancy, Stallion Manager needs written verification of this fact, mailed, or emailed from the attending veterinarian.

The Mare Owner shall assume all responsibility for the condition of the mare and shall bear all risk of loss or damage to the mare whether by death, disease, injury, infection or otherwise, and by any cause whatsoever, and therefore agrees to hold the stallion manager, owner, keeper, or agent harmless for all damages associated therewith.

Fill out completely or return with a copy of mare's papers so we can complete your breeding certificate. Breeding reports are sent to the major registries. Stallion certificates of service are sent to you and the AHS, after receiving pregnancy confirmation. The AHS retains a copy so you will not need to submit it when registering Hanoverian or Rhineland foals.

Mare: _____ Reg.#: _____ Year born _____ Breed: _____

Markings _____ Color _____

Mares Sire: _____ Dam: _____ Dam's Sire _____

A uterine culture is recommended for an older mare that was bred before, a mare that had a difficult birth/retained placenta, aborted last pregnancy or if you have any other reasons to be suspicious of her uterine health. We **do not** require proof of a clean culture. We do expect you to follow your veterinarian's recommendation for best results.

Fees, collection and shipping requirements:

A credit card to pay for shipping container, collection and shipping is required to order semen. Each collection is \$195. Shipments outside of the season and orders placed after 9 am on the same day of shipment are subject to a \$50 charge. Approximate transportation costs are: Federal Express: \$130.00; Air Lines Counter to Counter: \$105.00; Courier Service to Airport: \$130.00. High quality disposable containers: \$35, do not need to be returned. Equitainers are available upon request.
