

# Sanceo Transfer to Fresh

If you have a Sanceo contract for frozen semen you can switch to fresh when you do the following:

- 1) Send us your 2022 signed breeding report**
- 2) Return the remainder of the frozen semen you or your vet has stored.**
- 3) Read, sign, and return the agreement below.**

I \_\_\_\_\_ have a Sanceo Frozen Semen Live Foal Guarantee breeding contract that I purchased in 2022. My mare is not in foal and I have not recovered any embryos from the frozen semen.

The name of the mare I am breeding to Sanceo is \_\_\_\_\_

I would like to switch to the Sanceo Fresh Semen option in my contract. I understand that Sanceo collects Monday, Wednesday, and Fridays in the morning and semen is shipped with FedEx. I understand orders are needed by 9 PM ET, the day before semen is collected and shipped. Orders may be placed via phone or text (916) 203-2247 (text preferred). A credit card to pay for the shipping container, the collection and shipping is required to order semen. Each collection is \$195. Federal Express approximately \$130.00; High quality disposable containers: \$35. Fees subject to change.

Date: \_\_\_\_\_

Breeder Name: \_\_\_\_\_

Breeder Signature: \_\_\_\_\_
